

THE HEALING POWER OF NATURE

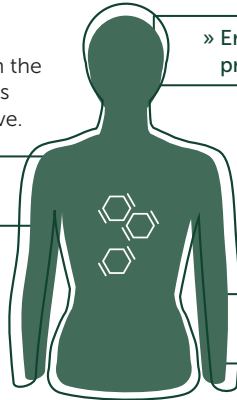

Discovery, study, and testing by a network of scientists from top universities around the world have unlocked a new "Master Antioxidant," Ergothioneine, and enabled us to formulate our unique and potent Ergo Boost complex.

THE OXIDATION CYCLE

1. Free radicals are unstable compounds that live within the body. Dormant free radicals seek out electrons to survive.

» Ergo Boost™ eliminates free radicals.

2. Activation. Free radicals become activated by external aggressors like sun, pollution and smoke.

» Ergo Boost™ strengthens and protects cellular structure.

3. Cellular damage. In turn, free radicals cause damage to healthy cells and tissues, breaking down elastin and collagen, as well as hair and nail follicles, causing early signs of aging.

» Ergo Boost™ boosts the body's natural collagen and elastin production and stimulates cell regeneration.

After using GROH Ergo Boost products, people will notice a difference in how they look and feel while also protecting themselves from oxidative damage.

HOW IT WORKS

GROH's **Ergo Boost Complex** works internally with the body's complex biological system to fulfill everyday nutritional needs that diet alone fails to provide. *Combined, these ingredients work synergistically to supply the body with the nutrients it needs to support healthy hair, scalp, skin, nails, and lashes.

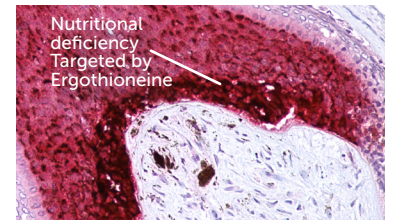

- A blend of organic mushrooms
- All natural
- Rich in vitamin D
- 100% vegan
- Organic ingredients
- No harmful chemicals or dyes

Boosting skincare and supplement products

OUR ERGO BOOST PRODUCTS & SERVICES:

- Promote thicker, fuller hair
- Increase nail strength & growth
- Encourage longer hair & lashes
- Revitalize damaged hair
- Balance cellular structure
- Improve skin condition

Microscopic hair cell
